MOSAICS

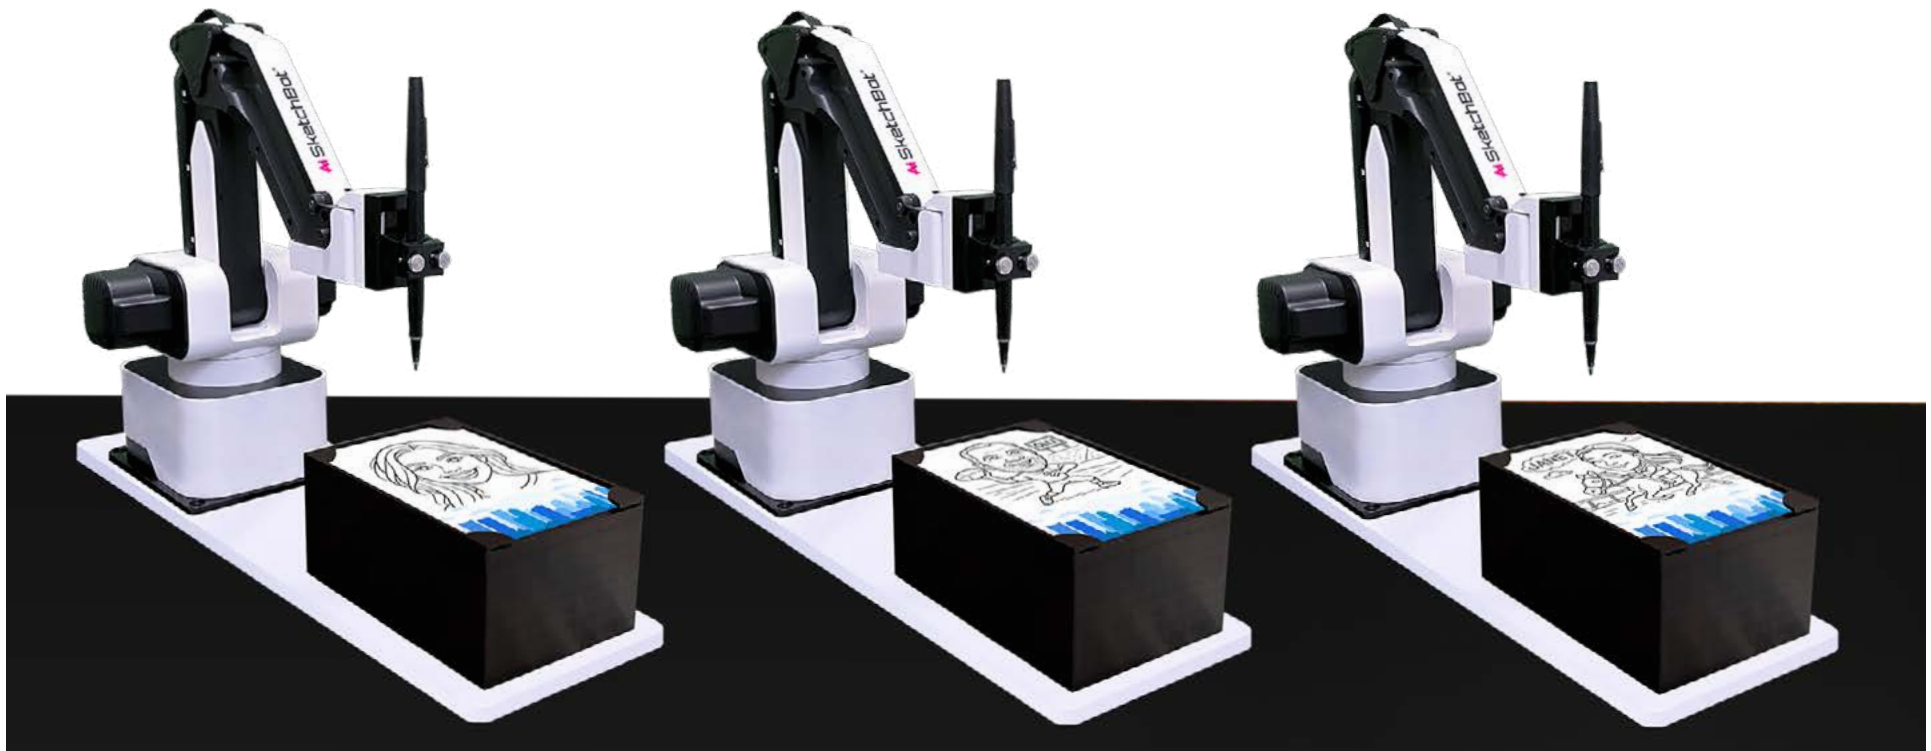

# Ai SketchBot®

## THE ONE AND ONLY A.I. ROBOTIC SKETCH ARTIST

SketchBots are a revolutionary new patent-pending technology using the latest mesh of Ai & robotics. Guest portraits are analyzed and drawn by the SketchBots to create a unique, personalized takeaway - all in as quick as **60 seconds**.

Multiple SketchBots (our SketchBot Fleet) can be used for larger audiences. Branding opportunities, custom sizing, and sharing options available.

**Key note:** To “teach” SketchBot to artistically sketch, six of our artists sketched over 6,000 portraits which were then fed into SketchBots’ machine learning system.

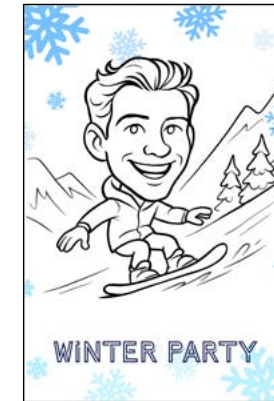

## Ai SketchBot® CARICATURES

With caricature mode, guests don't just get a portrait sketch, they transform into their favorite character, profession, or persona! Superheroes, athletes, astronauts, and scientists are just a few of the dozens of mini-bodies that can be chosen or randomly selected.

Choose from our signature lineup of mini-bodies, or create your own one-of-a-kind themes to match your event. Logos and guests' names can be incorporated into the caricature sketches for even more personalization.

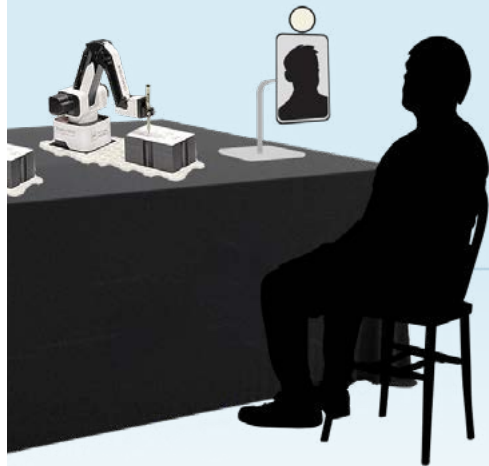

## Selfie Kiosk

A simple and clean portrait selfie station with a luma light. The selfie portrait station(s) are placed on a table and guests sit down to have their photo taken. This unique photo capture style is reminiscent of sitting down for a caricature sketch artist.

Optional data collection (name, email, T&Cs, etc)

## Photographer (iPad/DSLR)

An onsite brand ambassador or photographer can engage the event guests to take part in the activation by using a DSLR camera or our award-winning app on an iPad Pro.\*

Optional data collection (name, email, T&Cs, etc)

## QR Code

Guests can scan a QR code to submit selfies or select a favorite photo from their device (optional). Printed signage onsite makes scanning the QR code quick and easy. An optional link can be sent to attendees in addition to a QR code.

Optional data collection (name, email, T&Cs, etc)

## Simple Luma Booth

A super simple self-standing iPad lets guests pose and take their own photos. This self-service standing option is easy to set up and comes with a tone perfect luma light.

Optional data collection (name, email, T&Cs, etc)

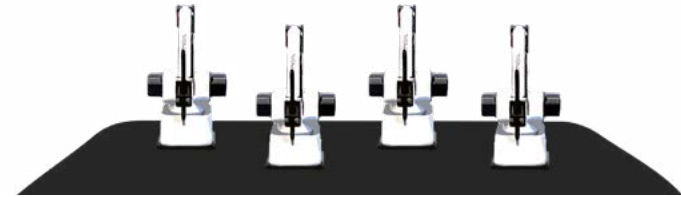

\*The **MosaiCapture** App is available for iPad and iPhone in the App Store

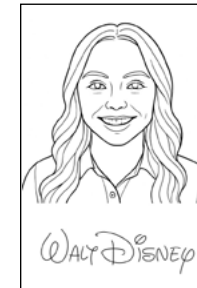

## SketchBot Fleet

Don't keep your guests waiting! Multiple SketchBots can draw simultaneously for larger audiences. SketchBots can dance when not actively drawing.

## Branded Sketch Takeaways

Push your brand visibility to the next level with custom branding or a unique logo. Whether pre-printed on the paper or drawn by the SketchBots live at the event, make your mark in the most exciting way possible.

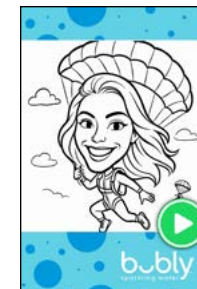

Branding Sketched

Branding Printed

## Email & Social Sharing

Never let them leave empty-handed. Send a branded email to each guest with an animated version of their sketch to remind them of their experience at your event. Include social sharing options in the email to easily allow guests to share their sketch.

Click to animate!

## Live Stream Gallery

Watch the magic unfold as each sketch gets its moment in the spotlight on a digital display - animated, and dynamically updating in real time. Your guests, center stage, in a show that never stops!
